STRIKE ON GEORGIA RAILROAD. Over the 500 miles of the Georgia Railroad, including main line and branches, not a train has moved since 6 o'clock Saturday night as the result of the strike of white firemen against the

employment of negroes. The tie-up became complete when Assistant Grand Chief Burgess, of the Brotherhood of Locomotive Engineers, declared Saturday night that it was un-safe for engineers to take trains out with negro firemen and ordered them to

refuse to go out.
This action of the engineers stopped every wheel on the Georgia Railroad.

Preceding the tis-up the negro firemen were being dragged from engines and nobbed at every town along the line of the road.

Many towns, Greenshoro, Covington Athens, Warrenton, and other places received no mail yesterday and have also suffered many other inconveniences which come from the irregular running of trains, but the citizens are not complaining, as they say they are determined to prevent the employment of negroes

in place of white meu.

Telegraphic reports say that certain kinds of food are running shor, in towns along the line,

General Manager Scott, of the Georgia Railroad, has asked Gov. Smith to order out the troops, but the governor will not do it. He says the State has not enough troops to patrol the 500 miles of rail-

General Manager Scott says no attempt will be made to operate trains until pro-tection is afforded.
